

QDP, Inc.

QDP, INC. POLICY: EUROPEAN UNION REGISTRATION, EVALUATION, AUTHORIZATION, AND RESTRICTION OF CHEMICAL (REACH) STATEMENT

REACH compliance is dependent on meeting the requirements of Annex XVII: Restrictions on the Manufacture, Placing on the Market and Use of certain Dangerous Substance, Mixtures, and Articles (105 substances), as well as the identification of any Substances of Very High Concern (SVHC) in accordance with REACH Annex XV.

QDP certifies that the products manufactured at our facility do not contain more than 0.1% w/w of any of the 169 listed [Substances of Very High Concern \(SVHC\)](#) (latest update 6/20/2016), or any of the [Restricted Substances covered by Annex XVII](#) (latest update 5/15/2012) as of the date of publication of this document.

QDP will continue to monitor the status of the Restricted and Candidate lists as part of our ongoing compliance activities, including the possible need under Article 33 of REACH to inform product recipients if an article contains more than 0.1% w/w per article of any Substance that is added to the SVHC Candidate List in the future.

QDP will continue to work closely with our Customers and Suppliers to ensure compliance with all requirements of the REACH Regulations.
